Clarity that speaks for itself

Redefining what a hearing aid can do for you

Hear the voices that matter most with less listening effort.[2] Unique, patented AI technology reduces distractions from all around[3] in real-time.

Technology that works for you

Forget you're wearing hearing aids. Remember the moments of life. Phonak AI does the heavy lifting, so you don't have to.*[2,4]

Because every word counts

You're up to 2x more likely to understand every word from any direction with Spheric Speech Clarity.**[2] This is premium technology designed for real life.

Our most natural sound available[5]

Outdoors or indoors, EON automatically adjusts to different sound environments thanks to Phonak AI.

* Phonak AI activates features and functions that are proven to improve speech understanding and reduce listening effort, such as Spheric Speech Clarity and Speech Enhancer

** With hearing aids using SSC compared to hearing aids using the same settings without SSC

At Phonak, we see technology as an enabler of life, not the focus of it.

Since 1947, we have advanced hearing technology to help people stay connected to what matters most: the people, moments and experiences that shape our lives.

Today, we bring together Swiss-engineered performance, a seamless connected hearing experience and purposeful design to create hearing solutions built for where life happens.

So, you can stay confident, connected and fully in it.

Life is on.
Phonak is made for it.
