Custom Earpiece 6.0 Order Form

## Receiver–In–Canal Models – Sound Delivery System (SDS) for Infinio Ultra

Tube Length

- Measure the tube length to select the correct receiver or SlimTube
- Measure both ears for binaural fitting

Vent Styles

- We offer two vent solutions for SlimTip (not available for SlimTip Titanium AV):

Regular
- Classic vent solution
- Parallel vent (not modifiable in clinic)

Cavity
- Optimized for best fit rate
- Easy to enlarge by the fitter

> *cShell 6.0 with UP receivers are built with HF4 wax guards. HF4 wax guards provide more high frequencies for better acoustic performance. Other wax guard systems available on request. See order form for options.
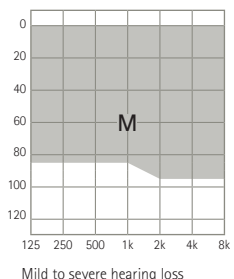

Hearing Instrument Compatibility

The SDS 6.0 custom earpiece portfolio is compatible with Infinio Ultra hearing aids. It is not backwards compatible to Lumity or earlier generation hearing aids.
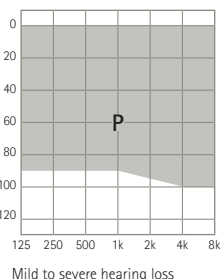

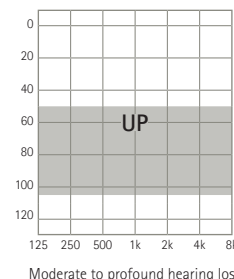

S Receiver 6.0

Mild to moderately severe hearing loss

M & MAV Receiver 6.0

Mild to severe hearing loss

P Receiver 6.0

Mild to severe hearing loss

UP Receiver 6.0*

Moderate to profound hearing loss
