

Phonak Infinio Ultra.

The very best. For you.

Professional's Guide

Phonak AI hearing aids are designed to help people hear better in the real world. Infinio Ultra delivers exceptional sound and speech understanding, no matter the situation. Powered by adaptive AI precision to help your patients hear the world more clearly and confidently. Every step of the way.

Adaptive

The best sound for your patients. No matter the situation.
Anytime. Anywhere.

- Adaptive Phonak Digital 3.0 delivers instant comfort & instant love with 93% patient satisfaction from the first fit¹
- AutoSense OS™ 7.0 harnesses the power of AI to accurately identify and adjust — now trained with 18 times more sound environments than before, boosting speech understanding in noise²
- SmartSpeech Technology delivers up to 8 dB SNR benefit in group conversations, outperforming four other brands, automatically with AutoSense OS 7.0³

Easier maintenance for everyone.
Phonak does the work, so you don't have to.

EasyGuard™ revolutionizes wax management with its innovative, sound-transmitting, sealed membrane

- Designed to protect the receiver from wax buildup, helping to extend the lifespan of hearing aids
- Designed to reduce service appointments by up to 38%⁴

With Infinio Ultra complete the feedback and real-ear test in under 13 seconds: now faster and available via Remote Support!

All the benefits of the latest technology for your patients with 40% faster binaural firmware updates

AI Dome Proposer leverages AI to recommend the optimal dome, helping you and your patients achieve the perfect fit from the very first moment

Connected

Tested. Reliable. Proven. Recommend it with confidence.

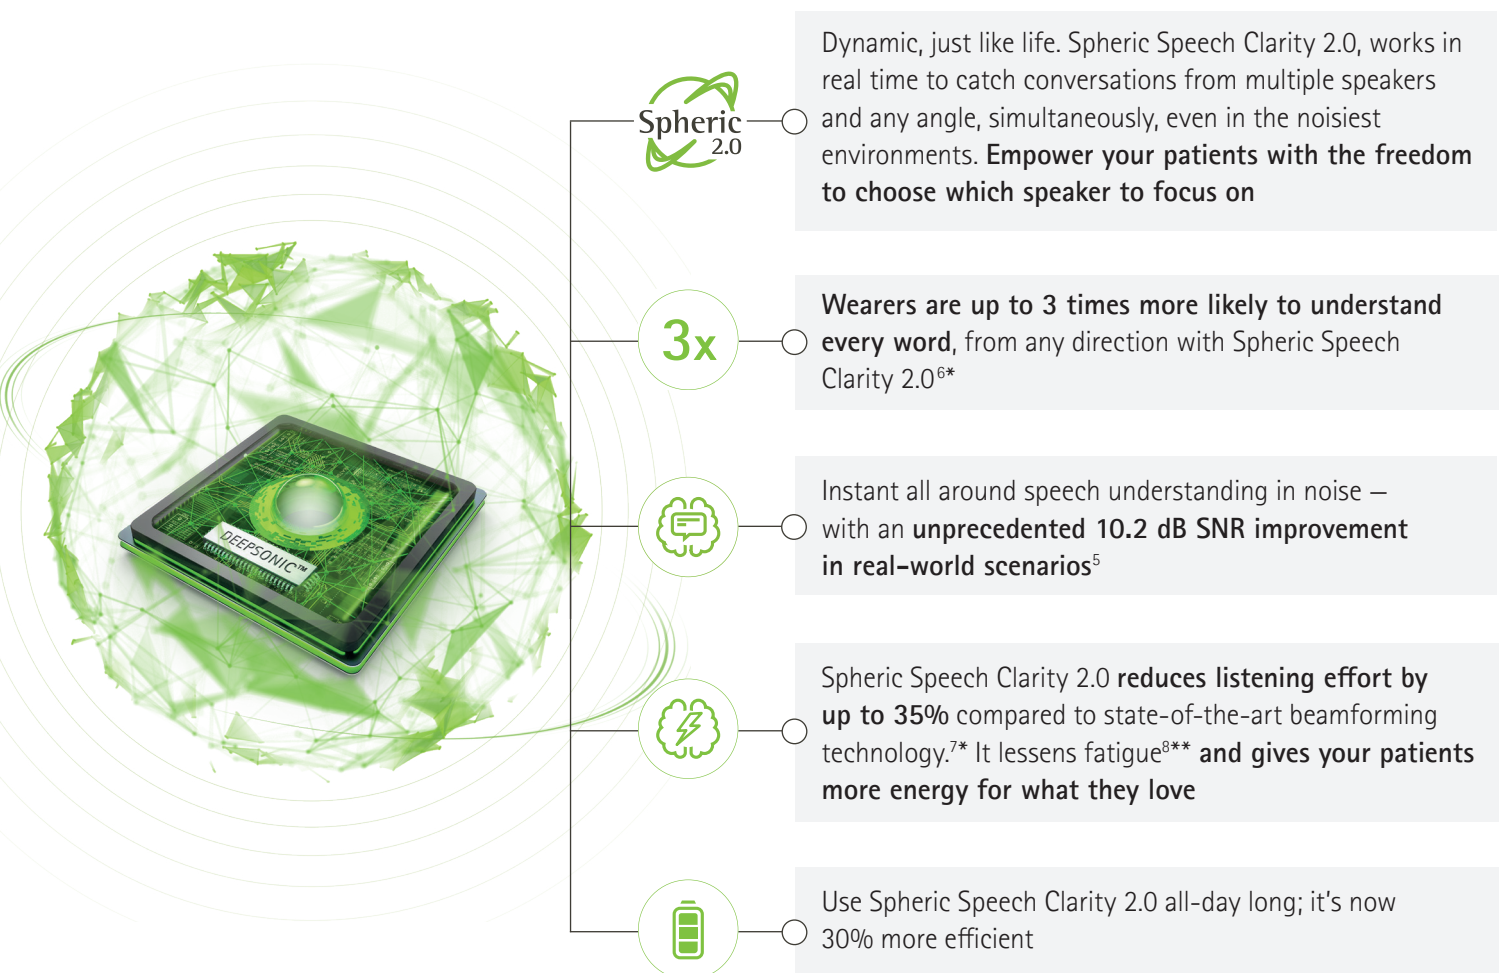

- Our most tested hearing aid with over 10,000 hours and 135 individual stringent stress tests*
- Electric components are protected with a durable coating ensuring a prolonged lifespan and consistent performance

* Sonova applies 135 individual stringent tests to all our products

Spheric Speech Clarity like never before

Any voice. Any direction. Always clear.

Spheric Speech Clarity 2.0 extracts, enhances and integrates speech from unlimited voices in real-time to deliver unprecedented speech clarity in noise from any direction.⁵ DEEPSONIC™, the world's first dedicated AI chip for all-around, speech from noise separation, is now 30% more efficient delivering a new level of clear speech⁴ throughout the day.

Easier listening, more energy for what matters**

* When compared to two key competitors against StereoZoom 2.0; adults with moderate to severe hearing loss

**Relative performance change compared to StereoZoom 2.0, subjects with moderate-severe hearing loss

myPhonak 7.2 & myPhonak Junior 2.0

Simplified experience and new features

Phonak innovation extends to more than just devices, with a host of improvements being made for myPhonak and myPhonak Junior to ensure a more user-friendly experience and greater flexibility.

Target 11.1 updates to benefit you and your patients

Phonak Target fitting software is designed to support your fitting success. Offer your patients a positive and efficient fitting experience.

- Feedback test completed in under 13 seconds
- 40% faster simultaneous firmware updates
- Simultaneous Trial performance upgrades
- Hands-free call disablement for compliance with high security facilities, such as SCIF (Sensitive Compartmented Information Facility)
- Empowering you to personalize features in the workflow

Practice Forward: Empowering your practice

Your journey is one of continuous learning and adaptation in the dynamic world of hearing care. 93% of patients reported higher trust in their audiologist when the professional demonstrated up-to-date knowledge and expertise.¹⁰ Crafted just for you, our advanced technologies and best practices amplify the impact you can make in your community. Let's navigate the future together.

life is on

Since 1947, Phonak is dedicated to preserving life quality by opening new acoustic worlds. Already back then, in the days of our foundation, our company was driven by a formative conviction: We believe that well-hearing equates to well-being and thus, is essential for living life to the fullest. In fact, the sense of hearing is directly linked to social, emotional, cognitive and physical well-being. Today as in future, we thrive to offer the broadest portfolio of innovative hearing solutions. And, together with our hearing care professionals, we keep on focusing on what matters most: improving speech understanding, changing people's lives and having a positive effect on society as a whole.
