

Infinio Ultra R.

The very best. For you.

Phonak hearing aids are
powered by advanced AI
designed to help people hear
better in the real world.

Phonak Infinio Ultra R is designed to offer the
best sound for you. Anytime. Anywhere.

Hear the world more clearly, every step of the way

Soft whispers, joyful laughter, and heartfelt conversations — Infinio Ultra R brings every sound to life. Phonak AI automatically adapts to your surroundings, providing exceptional sound quality in different listening situations.

- Fully automated and precise — boosting your speech understanding in noisy situations*¹
- From jazz to hip-hop, classical to electronic: whatever your music style, the AI-trained sound classification system helps you enjoy every beat

* For adults with mild to severe hearing loss.

Always universal. Connectivity that works.

Whether you're enjoying music, taking calls or watching a movie, you're covered with seamless connectivity to all your Bluetooth® devices.

- Enjoy one-step pairing to the myPhonak app and your Bluetooth® devices**
- Pair with up to 8 Bluetooth® devices, and have 2 simultaneously connected
- Instantly shift between music and voice, and enjoy uninterrupted hands-free calls and streaming across up to double the distance compared to our previous generations
- One click connection to Roger™ microphones, thanks to RogerDirect™

** Smartphones and tablets

The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Sonova AG is under license.

Effortless care, clear sound

Hearing aid care has never been easier, thanks to the new **EasyGuard™ domes**, which protect your hearing aids from earwax. EasyGuard features a unique sealed membrane that prevents wax from entering the hearing aid while allowing sound to pass through.

- Easy to clean², so you can enjoy clear sound with fewer interruptions
- Protects the essential parts of your hearing aids from wax, helping them last longer²
- Eco-friendly and easy-to-use packaging

² Based on Phonak internal data. Contact claims@sonova.com if you are interested in more information.

Designed to withstand real life's challenges

Life is meant to be lived. Now your hearing aids can keep up with you.

- Up to 31 hours of battery life^{***}, allowing you to engage in your favorite activities without interruption — all day long
- IP68-rated for ultimate water and dust resistance

^{***} The maximum battery runtime is determined by battery condition, hearing loss, environmental sound classification, streaming usage and activated feature set.

Maximize your hearing potential with Roger

Functioning like a third ear, Roger picks up the voice of the speaker, television or telephone and wirelessly transmits it to your hearing aids, giving an extra boost in noisy environments and over distance.

With up to 65% improvement of word recognition in noise compared to using hearing aids alone³, Roger technology empowers you to communicate effectively in challenging situations.

myPhonak and myPhonak Junior

Intuitive and highly-rated apps

- Find My Hearing Aids, for peace of mind
- Custom programs, cleaning reminders, streaming balance, split volume control
- Ability to disable and enable streaming in the app without affecting Roger

life is on

Since 1947, Phonak is dedicated to preserving social, emotional and physical life quality by opening new acoustic worlds. We believe that well-hearing equates to well-being and thus is essential for living life to the fullest. Today we offer the broadest portfolio of innovative hearing solutions. And, together with our hearing care professionals, we keep on focusing on what matters most: improving speech understanding, changing people's lives and having a positive effect on society as a whole.
