

Infinio Ultra Sphere.

Being in the moment has never been this easy

Infinio Ultra

Hear the world more clearly, every step of the way

Phonak hearing aids are
powered by advanced AI
designed to help people hear
better in the real world.

Infinio Ultra Sphere is designed to offer the
best sound for you. Anytime. Anywhere.

Phonak AI automatically adapts to your surroundings, providing exceptional sound quality in different listening situations.

- Fully automated and precise — boosting your speech understanding in noisy situations¹
- From jazz to hip-hop, classical to electronic: whatever your music style, the AI-trained sound classification system helps you enjoy every beat

¹ Wright, A. et al. (2025). AutoSense OS 7.0 improves speech understanding with highly rated sound quality for challenging listening environments. Phonak Field Study News retrieved from www.phonak.com/evidence

Spheric Speech Clarity 2.0

Enjoy unlimited conversations in a world of noise with the next generation AI-powered Spheric Speech Clarity 2.0, delivering a new level of clear speech¹ throughout the day.

Instantly separates speech from noise, enabling you to **enjoy clear speech from any direction²**, even in the most challenging group conversations

Dynamic, just like life. Catch conversations from multiple speakers from any angle. **Enjoy the freedom to choose which speaker to focus on**

You are up to **3x more likely to understand every word** from any direction^{*3}

Spheric Speech Clarity is now **30% more efficient**, delivering a new level of clear speech² throughout the day

Spheric Speech Clarity is made possible by our proprietary and powerful DEEPSONIC™ AI chip, which **separates speech from noise in real time**

² Rauber, S., Kohlhauser, P., Jehle, F., Kühnel, V., Preuss, M., Hobi, S. (2024). Spheric Speech Clarity proven to outperform three key competitors for clear speech in noise. Phonak Field Study News retrieved from www.phonak.com/evidence

³ Wright, A., Kuehnel, V., Keller, M., Seitz-Paquette, K., Latzel, M. (2024). "Spheric Speech Clarity applies DNN signal processing to significantly improve speech understanding from any direction and reduce the listening effort." Phonak Field Study News retrieved from www.phonak.com/evidence

* Compared to two key competitors

Always universal. Connectivity that works.

Whether you're enjoying music, taking calls or watching a movie, you're covered with seamless connectivity to all your Bluetooth® devices.

- Enjoy one-step pairing to the myPhonak app and your Bluetooth® devices*
- Pair with up to 8 Bluetooth devices, and have 2 simultaneously connected
- Instantly shift between music and voice, and enjoy uninterrupted hands-free calls and streaming across up to double the distance compared to our previous generations
- One click connection to Roger™ microphones, thanks to RogerDirect™

The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Sonova AG is under license.

* Smartphones and tablets

Easier listening, more energy for the things you love

- Makes listening easier by reducing the effort by up to 35%.⁴ This allows you to conserve mental energy so you can focus throughout the day
- Up to 56 hours of battery life**, allowing you to engage in your favorite activities without interruption

⁴ Tian, E. et al. (2025) Spheric Speech Clarity significantly improves speech understanding in a multi-talker scenario and reduces spatial listening effort with Mandarin speakers. Phonak Field Study News retrieved from www.phonak.com/evidence

* Compared to StereoZoom 2.0 adults with moderate to severe hearing loss.

** The maximum battery runtime is determined by battery condition, hearing loss, environmental sound classification, streaming usage and activated feature set.

Effortless care, clear sound

Hearing aid care has never been easier, thanks to the new **EasyGuard™ domes**, which protect your hearing aids from earwax. EasyGuard features a unique sealed membrane that prevents wax from entering the hearing aid while allowing sound to pass through.

- Easy to clean⁵, so you can enjoy clear sound with fewer interruptions
- Protects the essential parts of your hearing aids from wax, helping them last longer⁵
- Eco-friendly and easy-to-use packaging

⁵ Based on Phonak internal data. Contact claims@sonova.com if you are interested in more information.

Maximize your hearing potential with Roger

Functioning like a third ear, Roger picks up the voice of the speaker or television and wirelessly transmits it to your hearing aids, giving an extra boost in noisy environments and over distance.

Roger technology improves speech understanding⁶ and empowers you to communicate effectively, allowing you to hear someone speaking from distances of up to 25 meters/80 feet.

myPhonak & myPhonak Junior

Intuitive and highly-rated apps

- Find My Hearing Aids, for peace of mind
- Custom programs, cleaning reminders, streaming balance, split volume control
- Ability to disable and enable streaming in the app without affecting Roger

⁶ Zanin, J., Vaisberg, J., Swann, S., & Rance, G. (2025). Evaluating benefits of remote microphone technology for adults with hearing loss using behavioural and predictive metrics. *International Journal of Audiology*, 64(4), 1–9

life is on

Since 1947, Phonak is dedicated to preserving social, emotional and physical life quality by opening new acoustic worlds. We believe that well-hearing equates to well-being and thus is essential for living life to the fullest. Today we offer the broadest portfolio of innovative hearing solutions. And, together with our hearing care professionals, we keep on focusing on what matters most: improving speech understanding, changing people's lives and having a positive effect on society as a whole.
