

The power hearing solutions

Phonak Naída Q hearing aids, Roger wireless microphones and the DECT phone have been developed with speech enhancement firmly in mind. These products are scientifically proven to help you hear more words, regardless of the situation.

75%

Naída Q with SoundRecover improves speech intelligibility for three out of four users and makes high-pitched sounds audible again.

62%

Better speech understanding with Roger over distance and in noise compared to people with no hearing loss.

40%

Better speech understanding with DECT phone by hearing phone conversation in both ears.

Life is on

We are sensitive to the needs of everyone who depends on our knowledge, ideas and care. And by creatively challenging the limits of technology, we develop innovations that help people hear, understand and experience more of life's rich soundscapes.

**Interact freely. Communicate with confidence.
Live without limit. Life is on.**

Your hearing care professional:

Power hearing solutions

Access to more of life's conversations

Access to more of life's conversations

While modern hearing aid technology makes hearing and understanding enjoyable when you are close to a speaker, it can still be tricky to follow what is being said when you are further away. That is where the power hearing solutions from Phonak come in.

The Phonak power hearing solutions combine Phonak Naída Q, the power hearing aid of choice, with Roger wireless microphones. The result is an outstanding hearing experience for you in challenging listening situations.

PHONAK
life is on

Enjoy even more moments that matter the most

In a restaurant or noisy café

In a car

Understanding on cell phone or home phone

During meetings

Outdoors

In noise

One-on-one conversation

Over distance

Phonak Naída Q

The hearing aid that offers a host of unique features designed to address your specific needs and to enrich the listening experience in your day-to-day life. Water and dust resistant, it provides a sound quality second to none.

Roger Pen or Roger EasyPen

Roger Pens and Roger EasyPens are versatile and stylish wireless microphones that allow you to understand in noise and over distance. At home or at work, it reduces background noise and keeps you connected in virtually every listening situation. Fully automatic and very easy to use.

Roger Clip-On Mic

The Roger Clip-On Mic is a discreet wireless microphone that your conversation partner wears on a shirt, blouse or jacket. Simply clip it on and let the microphone do the rest to help you understand conversations in noise and over distance.

DECT Phone

This cordless phone for the home has special capabilities. It simultaneously streams the phone signal to both hearing aids but can also be used by people with normal hearing.
