Smart performer

In order to truly enjoy the moment without any distractions, it's essential to have a hearing aid which provides the optimal sound quality and comfort to suit your specific needs.

Bolero V has been developed to automatically adapt to your sound environment and gives you the freedom to seamlessly move from one listening situation to another. Whether you're in a noisy restaurant, car, concert hall or simply sitting at home, Bolero V makes listening effortless and doesn't require any manual interaction – giving you the feeling that you are not wearing a hearing aid. Exceptional speech understanding in various situations will keep you connected throughout the day, which makes interacting and engaging a real pleasure.

Boosting performance

With today's technology, hearing aids have made speech understanding enjoyable, even in the most challenging listening situations. But sometimes, an extra boost can be useful. This is why Phonak offers a wide range of wireless accessories which boost your hearing aids' performance and keep you connected. Whether on the phone, watching TV or in a noisy environment, we offer the optimal solutions to suit your everyday needs while benefitting from the exceptional performance of your Bolero V hearing aids.

Benefits at every level

Phonak Bolero V truly embodies the expertise that you would expect. It offers the finest in performance and reliability to ensure your long-lasting satisfaction.

Wherever you go, whatever you do, you expect to hear well and understand with confidence. Together with your hearing care professional you can choose the best solution to match your lifestyle, degree of hearing loss and your budget to enrich listening experiences in your everyday life.
