

Hearing delight is surprising size and looks

Phonak Ambra is available in 14 different styles. All of them lead the industry in miniaturization and performance, not to mention robustness and convenience. Each Phonak Ambra is moisture and dirt-protected to ensure long hours of trouble-free hearing delight.

Discreet no matter what style you choose.

Hearing delight is connecting to everyone

With Phonak wireless accessories, multimedia entertainment, communication and work is much more fun. TV, telephone, MP3 player, GPS and computers can be enjoyed effortlessly.

Plus, only a Phonak Ambra has DuoPhone, which lets you hear a voice on the phone in both ears as soon as you hold the handset to your ear. Speech clarity is impressive and background noise is reduced.

Pairing the Phonak TV Link with your Ambra brings TV sound directly to your ears, so you and your family can adjust the volume separately and enjoy watching TV together.

Please ask your hearing-care professional to show you what the amazing Phonak wireless accessories can do.

Hearing delight is personalizing performance

A Phonak Ambra can automatically adapt to the ever-changing environments of your life – from a quiet conversation to listening to music to a noisy restaurant.

Of course no one knows your listening needs better than you. So sometimes you may still want to make manual adjustments. With a single push of a button, our unique FlexControl lets you choose the ideal setting. In fact, Phonak Ambra is so capable that the next time around it can even do it for you.

Enjoy the most delightful hearing, everywhere, every single day
