## Confidence in life

---

### Remarkably reliable

Certainty to participate in all the activities that make life meaningful, enjoyable and productive requires a hearing system you can depend on no matter what the situation. With durable, ergonomic components and reliable performance, Certéna provides the confidence to fully take part in all life has to offer.

## No more whistling!

Whistling is the most common annoyance of hearing instruments. Thanks to WhistleBlock Technology this is not a problem with Certéna. So, wear your favorite hat. Hug a loved one. Sit where you want. WhistleBlock Technology means you can be confident Certéna will function, without the annoyance of whistling, no matter what the activity.

**“Before, when my granddaughter hugged me, she would say ‘Grandpa, your ears are whistling’. Not anymore, with Certéna I can do whatever I want and never have any annoying whistling.”**

Sean Hurley, Ireland

Certéna also employs proven Phonak innovations in automatic speech enhancement and noise reduction to guarantee clear speech and comfortable sound in all situations.

## Legendary Swiss Quality

Certéna was engineered at Phonak's state-of-the-art facility in the heart of Switzerland. So naturally, Certéna benefits from the world-renowned Swiss craftsmanship.

---

## Access to the wireless world

Certena is the only hearing system in its class to offer full wireless functionality for convenient and unlimited access to all aspects of communication in the modern world.

With the handy iCom accessory, you get hands-free, wireless connections to mobile phones, TVs and other devices. iCom sends all these signals right to both hearing instruments.

**"I couldn't be happier with iCom. I am impressed by the quality of the audio... I can listen to music without annoying my wife. But the best part is, the hearing aids are not touched at all. Discreet, yet functional and easy to use, that is what technology should be."**

Raymond Bentsen, Washington, USA

## You can count on it

This is more than just a statement; it is the heart and soul of Certéna. At Phonak, we understand that you need an affordable and reliable system you can depend on, no matter what the situation. Certéna is exactly that and more, offering reliable, high performance, easy interface to the world around you, and the confidence to live life your way.

Certéna is a full product family with models, styles and colors to suit virtually every hearing need and personal style.
