

Phonak quality

Milo and Milo Plus feature an attractive, modern design that is robust and comfortable to wear. They continue the tradition of proven Phonak technology and Swiss quality.

Unmatched technology

Phonak has developed, produced and globally distributed high-tech hearing aids for over 50 years. Our mastery in acoustics and hearing technology allows us to significantly improve people's communication and quality of life.

Swiss engineering

Milo and Milo Plus were engineered at Phonak's technology center in the heart of Switzerland. So naturally, both hearing aids benefit from the world renowned Swiss craftsmanship.

Life is on

We are sensitive to the needs of everyone who depends on our knowledge, ideas and care. And by creatively challenging the limits of technology, we develop innovations that help people hear, understand and experience more of life's rich soundscapes.

Interact freely. Communicate with confidence. Live without limit. Life is on.

PHONAK life is on

Improve communication

Milo and Milo Plus excel without complexity and focus on the essentials: quality and reliability at an affordable price. The hearing aids accommodate all degrees of hearing loss and improve communication by enhancing speech clarity and ensuring comfortable listening.

Milo and Milo Plus offer everything you expect from a Phonak: high performance, top quality and long-term dependability.

Do you want to know more about Milo and Milo Plus? Just ask your hearing care professional. The following pages provide you with a quick overview of the benefits of these hearing aids.

Essential hearing

The most common problems faced by hearing aids users are difficulty understanding in background noise and annoying whistling, also known as feedback. Proven Phonak technology effectively eliminates feedback and improves communication, even in difficult listening situations.

- Clear conversations
- Comfortable listening
- No whistling

No more whistling

Embarrassing whistling is not an issue with Milo and Milo Plus. Wear your favorite hat or hug a loved one. Phonak technology makes sure you hear better without the annoyance of whistling, no matter what the activity.

Better understanding in noise

It is often difficult to understand speech in loud restaurants or at family gatherings. Now, with Milo Plus you can understand better in noisy situations because your hearing instruments will automatically focus on speech and reduce background noise.

Affordable price

Finally, quality and reliability has become affordable for everyone. At two price points, Milo and Milo Plus will impress you without exceeding your budget. Moreover, a wide range of models matches virtually every hearing need and lifestyle. A Phonak is for everyone!

Attractive models

Milo and Milo Plus are available in three behind-the-ear models, including a micro, each with attractive, durable housings. Milo Plus also offers a full range of in-the-ear models. Consult your hearing care professional to find out which Milo or Milo Plus is right for you.

"I knew Phonak makes the best hearing aids, but I never thought I could afford them. Turns out with Milo, good technology is within reach – even if you don't have a big budget. The sound is really great and the price was right."

Francis Gardner, Georgia, USA
