

Improved hearing in noise

Phonak was first to introduce zoom technology to enhance hearing in challenging hearing situations.

The Phonak Audéo S III makes zooming even more effective by mimicking the way sound is perceived and heard.

Exclusive Phonak Audéo S III technology allows zooming:

UltraZoom Standard

In noisy situations with several people facing you, UltraZoom automatically zooms in on their voices. Noise from the side and back is reduced.

Life is on

We are sensitive to the needs of everyone who depends on our knowledge, ideas and care. And by creatively challenging the limits of technology, we develop innovations that help people hear, understand and experience more of life's rich soundscapes.

Interact freely. Communicate with confidence. Live without limit. Life is on.

PHONAK life is on

Choose from 3 award-winning designs

To suit your personal preferences, Audéo S III offers tasteful combinations of design and color.

You will be surprised at how discreet your new hearing aids are. Audéo S III is easy to use, has won four design awards and is built to last.

Audéo S MINI is the smallest Phonak ever, it hides behind your ear. It is so tiny and automatic you can just wear it and forget it.

Audéo S SMART is the world's smallest hearing system that wirelessly connects to TV, telephone and MP3 players. It's for you if you want top performance with manual control and unlimited connectivity.

Audéo S YES wirelessly connects to TV, telephone and MP3 players. Its design has won multiple awards. If you enjoy expressing your individual taste, you will love its unique style.

Vibrant? Discreet? That's totally up to you. Different models come in different color combinations.

Choose to be connected

With Phonak wireless accessories, multimedia entertainment, communication and work is much more fun. TV, telephone, MP3 player, GPS and computers can be enjoyed effortlessly.

Pairing the Phonak TVLink with your Audéo S III (SMART and YES models) brings TV sound directly to your ears, so you and your family can adjust the volume separately and enjoy watching TV together.

Please ask your hearing-care professional to show you what the amazing Phonak wireless accessories can do.
