

Phonak nano

Nothing to see.
Everything to hear.

PHONAK

life is on

Feeling 10 years younger. Forgetting I even wear them. Wondering why I waited so long. marveling at how small they really are. Actively participating in a meeting. Surprising friends by overhearing their whispered conversation.

If this is what you aspire to, then the new Phonak nano is your solution!

Let your hearing aids go unnoticed – just wear and enjoy!

Virtually invisible

Phonak nano is more than just a tiny hearing aid. It is an outstanding combination of maximum hearing performance and minimum size.

Using computer-aided design and the latest generation of advanced materials, Phonak nano is custom crafted to fit entirely in your ear canal. Enjoy wearing comfort while consistently experiencing outstanding sound quality.

The Phonak nano is for mild to moderate hearing loss. It is available in two price and performance levels to suit your personal preferences or budget.

Premium: Ambra nano is your solution if your lifestyle requires optimum performance and flexibility in a very broad range of listening environments including those with high levels of background noise. For example: social events, public places, music, driving with people in the car and the situations described under Advanced.

Advanced: Solana nano is your solution if your lifestyle requires good performance and flexibility in a variety of listening environments including those with moderate levels of background noise. For example: one-to-one conversations, home activities, TV watching, business meetings, restaurants, outdoor sports, telephone use.

Phonak Quality

Phonak nano is built to last and perform for many years. Phonak features and innovations continue to inspire the industry and are considered benchmarks for performance and quality.

Superb technology

Phonak has developed, produced and globally distributed high-tech hearing aids for over 50 years. Our mastery of acoustics and hearing technology allows us to significantly improve people's communication and quality of life.

Life is on

We are sensitive to the needs of everyone who depends on our knowledge, ideas and care. And by creatively challenging the limits of technology we develop innovations that help people hear, understand and experience more of life's rich soundscapes.

Interact freely. Communicate with confidence. Live without limit.
Life is on.
